TEXSEAL Joint Sealant Product

Section V --- Physical Data

Boiling point: None
Specific gravity: 0.6 to 0.7
Softening point: Not applicable
Melting point: Not applicable
Vapor density: Not applicable
Percent volatile: Not applicable
Evaporation rate: Not applicable
Solubility in water: Not applicable
Odor-appearance-color: odorless, white, seal or gasket

Section VI --- Reactivity Data

Stability: Stable
Incompatibility (material to avoid): Fabric strength is destroyed in molten alkalis.
Hazardous decomposition products: Traces of incompletely burned fluorocarbon products.
Hazardous polymerization will not occur.

Section VII --- Spill and Disposal Procedures

Material can be brushed off, rerolled, and used.
Waste disposal procedure: Land fill compliance with local, state, and federal regulations.

Section VIII --- Personnel Protection Information

Lifting devices may be needed for heavy rolls.

Ventilation: - Local exhaust - None
 - Mechanical (general) - Recommended
