

1DUCT™ & CHEMDUIT®

FLEXIBLE DUCTING PRODUCT

BEND WITHOUT THE BURDEN WITH TCI FLEXIBLE DUCTING.

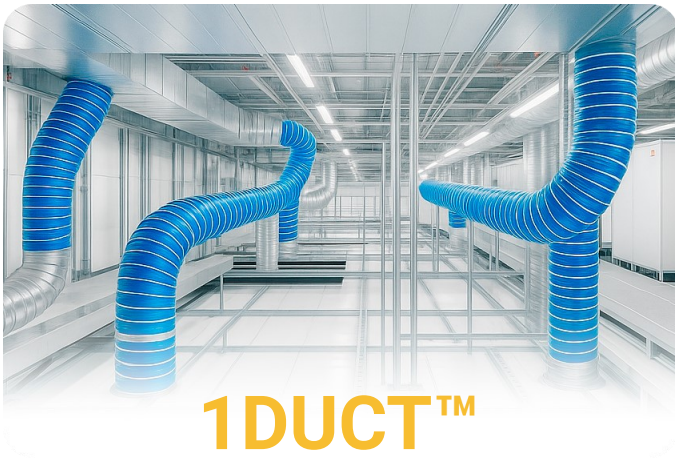

**EVERY BEND IN RIGID
DUCTWORK COSTS
YOU TIME & MONEY.**

TCI Flexible Ducting delivers the installation efficiency and cost savings your project demands. Compared to rigid duct systems, it offers measurable advantages in:

- Design/Duct Run Layout.
- Material Cost.
- Shipping Cost.
- Prefab Lead Time.
- Material Weight.
- Installation Time.

Flexible by Design

TCI Flexible Ducting installs quickly in continuous runs and handles multiple bends without the need for time-consuming layout calculations. This simple, efficient approach reduces labor hours, eliminates costly design delays, and keeps your cleanroom project moving forward on time and within budget.
