

CHEMDUIT®

FLEXIBLE DUCTING PRODUCT

FLEXIBLE DUCTING ENGINEERED FOR SEAMLESS CONNECTIONS, TAILORED LENGTHS, AND UNMATCHED RELIABILITY.

Chemduit® Flexible Ducting delivers unmatched adaptability for a wide range of applications. Available in continuous lengths up to 10 feet, each section can be connected to form extended duct runs, ensuring a seamless fit in your process.

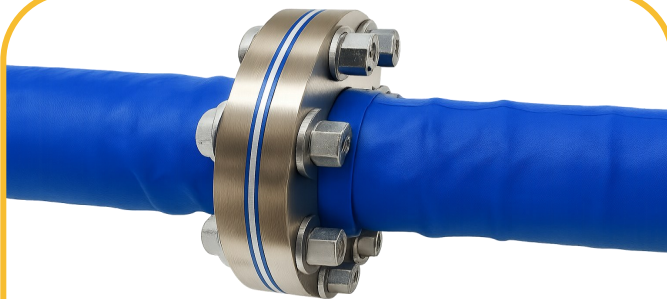

With a variety of factory-installed cuffs and flanges, Chemduit® can be tailored to match your specific end connection requirements. From quick-install cuffs to heavy-duty bolted flanges, our solutions are engineered for performance, efficiency, and reliability.

Coupler with Bridge Clamp Connection.
